From (Name) P. Madhava Menon Esq., M.B.E., I.C.S.,

(Designation) Director of Industries and Commerce.

To The Secretary to the Government of Madras,

Development Department.

Sir,

Remarks in G.O. 5860/43 b3 8/8. (2) C.F. Remarks

Ref: G.O.No.Ms.660 Development dated 25th March 1942.

With rererence to paragraph 4 of the G.O. cited above the following proposals for the opening of a Fisheries School at Manur, Udipi taluk, may be considered as a Part II Scheme for 1943-44.

As already reported in this office letter No. 3863-F.C/40-18 dated 22-10-1941 it is proposed to take over the management of the existing Board Elementary School in the village instead of opening a new Fisheries School there. The District Board concerned agrees to the transfer of the school to this department and the District Educational Officer, South Kanara, has no objection to the opening of a Fisheries School if the District Board school is closed--vide copy of D.Dis.14549/42 dated 3-8-1942 from the President, District Board, South Kanara and No.344/42 dated 13-8-1942 of the District Educational Officer, South Kanara enclosed.

The Board School is a complete lower elementary school with five standards and one teacher. The strength at presen

in

in the various classes is as follows:--

	Strength	
	Boys.	Girls.
Standard I.	10	+ 10
" II.	13	+ 4
" III.	9	+ 4
" IV.	4	+ 1
" V.	3	+ 2
	39	+ 21 = 60.

The average attendance in the school is reported to be 40. According to the census maintained at the school there are 199 children of school-going age in the school zone(Manur village and a portion of Kottathattu village). If the school is taken over and converted into a Fisheries School, it is expected that the strength is likely to improve considerably as shown below:--

	Boys.	Girls.
Standard I ...	28	+ 15
" II ...	20	+ 5
" III ...	13	+ 4
" IV. ...	7	+ 3
" V. ...	5	+ 3
	73	+ 30 = 103.

A staff of three teachers will then be required, one for Standard I, one for Standard II and V, and one for Standards III and IV.

The building in which the school is now located has space only for 45 children. The District Board is paying a rent of Rs.3-8-0 per mensem for it. But the owner wants Rs.4/-per mensem and is prepared to make any alterations or extensions required by this department and is willing to accept the rent fixed by the Public Works Department. He has given a statement to that effect. In case this building is not available for the purpose one Mr. Paul Noronha, son of Jacob Noronha (one of the applicants for a fish curing yard in the place)who has a vacant site near the Board School is prepared to erect a suitable building on the site and to let it for the rent to be fixed by the Public Works Department.

A provision of Rs.1,270/-will be required in 1943-44 as shown below if the proposals are given effect to:

Pay of 3 teachers of Higher Elementary grade at Rs.23/-each per mensem. for 9 months ...	Rs. 621/-
Headmasters allowance for nine months at Rs.2/-p.m.	18/-
Rent at Rs.4/-per mensem for nine months.	36/-
Furniture.	300/-
Apparatus and appliances.	200/-
Contingencies.	95/-
Total	Rs.1,270/-

Cf. Fwdg his D. Dte. No. 1478/II G/42-Sol 21.9/42

To D.S.

I am directed to say that examining the question of opening new Fisheries Schools at some places on the Mal. Coast as a part II Scheme for 1942-43, the proposal to open a School at Manur was considered. It was then suggested that the management of the existing Board Elementary School in the village may be taken over by the Department. As the District Board, South Kanara had to be consulted in the matter, the matter was deferred for consideration as a Part II Scheme for 1943-44.

2. The District Board and the D.E.O. have agreed to the Department taking over the Board School. The expenditure involved is shown at A on page 2 cf. The proposal may be supported on condition that the employment of the three teachers will be sanctioned till 31.3.44 in the first instance and considered as a Part II Scheme for 1943-44.
